Public Consultation

PROPOSED: SHORT SECTIONS OF NO WAITING 'AT ANY TIME' RESTRICTION (DOUBLE YELLOW LINES)

This document outlines our proposals for a local safety scheme in Village Way area. Please read the information in this document, then complete, and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at https://haveyoursay.brent.gov.uk. Responses from within the consultation area only will be considered. The closing date for the return of the questionnaire is **25 November 2022.**

Why are we proposing this change?

The Council has received complaints from local residents about obstructive parking preventing access to emergency and environmental service vehicles in the area. It has also been brought to our attention that vehicles parked inconsiderately close to junctions are causing visibility difficulties at corners.

What are the proposed improvements?

Following officers' assessments and visit to the area, it is proposed to install double yellow lines at certain locations like turning area, bends and where parking will be a problem if vehicles were to double park or even park on both sides of the carriageway. These proposals are in line with the Highway Code, 2007 edition, rule 243 which states that motorists should not park; "anywhere (that) would prevent access for Emergency Services, opposite or within 10 metres (32 feet) of a junction, except in an authorised parking space." **You will find the details of the proposals indicated in circles in the enclosed plan.**

The scheme is proposed mainly as a remedial measure, which will:

- Prevent obstructive and illegal parking in the area;
- Improve accessibility and visibility for all vehicles including emergency and essential services in area;
- Improve road safety in the area.

What will happen next?

At this stage of the process, we are seeking for your initial views. I would therefore be most grateful if you would consider the proposals and then complete and return the attached questionnaire to us using the freepost facility by **25 November 2022**.

The results of this consultation will then be used to decide on whether to implement the proposals in the area and you will be notified of the outcome in due course.

Once all the responses to this letter and the statutory consultation process have been considered, a decision on whether or not to implement the proposal will be made. Residents will be notified of the outcome by letter.

Please see the back of this document for further details on how to respond to this consultation.

Sandor Fazekas – Head of Healthy Streets and Parking

We are consulting residents/businesses in the area within the marked red line

Your views are important to us

Only the questionnaire issued by the Council should be used to respond to this consultation and no photocopies will be considered. Alternatively, this document is also available for completion online at https://haveyoursay.brent.gov.uk responses from within the consultation area only will be considered.

Please complete the enclosed questionnaire and return it in the Freepost envelope provided or send to:
London Borough of Brent
Healthy Streets and Parking
5th Floor, Civic Centre,
Engineers Way
Wembley, Middlesex
HA9 0FJ

All properties within the consultation area are shown on the above plan. Local groups, Statutory Authorities, the Emergency Services and Ward Councillors are also being consulted.

Your response is protected as required by the Data Protection Act and will not be identified.
