

Public Consultation

Proposed School Street Expansion Elsley Primary School

This document outlines our proposals for a School Street extension, adding to the current permanent School Street in place. Please read through the information in this document and then complete and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at <https://haveyoursay.brent.gov.uk> responses from within the consultation area only will be considered. The closing date for the return of the questionnaire is: **Tuesday 30 June 2026**.

Why are we proposing this change?

We are proposing the expansion of a local school Street scheme for Gaddesden Avenue, Berkhamsted Avenue (from Elsley Primary School to Nettleden Avenue), Tokyngton Avenue (from Elsley Primary School to Tring Avenue), and Northchurch Road. This is part of Brent Council's broader initiative to enhance air quality, promote children's health, address the climate emergency, and create a safer environment for children to walk and cycle. The primary goal of this scheme is to encourage and support the adoption of greener and more active forms of transport.

In alignment with the Council's commitment to improvements around schools in the borough, the implementation of School Streets is a key component of our strategy. These initiatives contribute not only to the immediate safety and well-being of children but also align with our broader objectives of fostering a healthier and more sustainable community. Through such measures, we aim to create a positive impact on air quality, promote physical activity, and mitigate the effects of the climate emergency.

What is a School Street?

A School Street is a road outside (or very close to) a school where motorised traffic is restricted at specific times to make the area safer, quieter, and less polluted for children and families.

The scheme will operate Monday to Friday during school term time, from 8:15am to 9:15am in the morning and from 2:30pm to 4:00pm in the afternoon. School term dates can be found here:

<https://www.brent.gov.uk/services-for-residents/education-and-schools/term-dates/>

Residents who live within the zone, as marked by the red area on the attached map, along with emergency vehicles, will be exempt from these restrictions.

The road will remain open to pedestrians and cyclists at all times.

The main aim of the scheme is to make the route to school safer for pupils by reducing the volume of cars, lowering air pollution, and encouraging more walking and cycling.

The full list of exemptions are as follows:

- Residents that live within the zone
- Blue badge holders that live within the zone
- Emergency services
- Deliveries
- Carers
- Licensed taxis
- School transport & taxi card transport services
- Council operational vehicles (statutory services)

- Medical appointment transport
- Dial-a-ride
- Royal Mail
- Medical practitioner

Residents and businesses located outside of the zone, as marked by the red line on the attached map, will not be exempt from the restrictions. Therefore they cannot drive through the zone during the hours of operation, unless one of the stated exemptions applies.

Proposed School Street locations (Elsley Primary School Expansion Zone)

- **Gaddesden Avenue**
- **Berkhamsted Avenue:** from Elsley Primary School to Nettleden Avenue
- **Tokynton Avenue:** from Elsley Primary School to Tring Avenue
- **Northchurch Road**

Hours of operation:

Term time only, Monday to Friday

- Morning: **8:15am – 9:15am**
- Afternoon: **2:30pm – 4:00pm**

The proposal aims to create a safer and more pleasant environment for everyone. The School Street zone will encourage active travel to and from school, helping children lead healthier and more active lives.

In addition, the scheme will discourage unnecessary motor vehicle use, reducing congestion, air pollution, and carbon emissions, and contributing towards a cleaner and greener Brent.

Furthermore, by reducing the number of motor vehicles during peak school times, the School Street zone will improve visibility and enhance overall road safety for all road users within the area.

What will happen next?

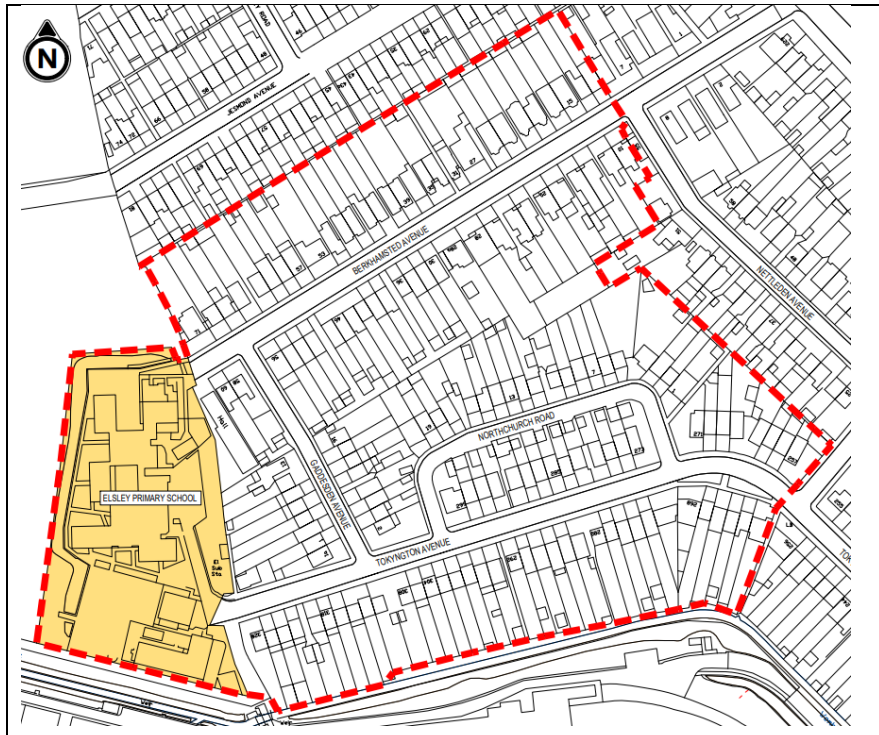

At this stage of the process, we are seeking for your initial views. I would therefore be most grateful if you would consider the proposals and then complete and return the attached questionnaire to Brent Council using the freepost facility by **Tuesday 30 June 2026**.

A drop-in session will be held at the school on the **Monday 22 June 2026 between 4:00pm–6:00pm**. Residents are welcome to attend and ask any questions they may have.

The results of this consultation will then be used to decide on whether to implement the proposals in the area and you will be notified of the outcome in due course.

Please see the back of this document for further details on how to respond to this consultation.

We are consulting residents/businesses in the area within the marked red broken line

Your views are important to us

<p>Only the questionnaire issued by the Council should be used to respond to this consultation and no photocopies will be considered. Alternatively, this document is also available for completion online at https://haveyoursay.brent.gov.uk responses from within the consultation area only will be considered.</p>	<p>Please complete the enclosed questionnaire and return it in the Freepost envelope provided to: London Borough of Brent Healthy Streets and Parking Civic Centre Engineers Way Wembley, Middlesex, HA9 0FJ</p>	<p>All properties within the consultation area are shown on the above plan.
