

## Public Consultation Wykeham Primary School Road Safety Scheme

This document outlines our proposals for a local safety scheme in Aboyne Road, NW10. Please read the information in this document, then complete, and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at <https://haveyoursay.brent.gov.uk>. Responses from within the consultation area only will be considered. The closing date for the return of the questionnaire is **12 January 2024**.

### **Why are we proposing this change?**

The council has been working with Wykeham Primary School to improve road safety on Aboyne Road directly outside Wykeham Primary School gates.

Officers have identified mitigation measures to improve road safety outside of the school.

The aim of the scheme is to:

- Prevent obstructive parking and dangerous parking.
- Improve visibility and traffic flow.
- Improve road safety for motorists, pedestrians and cyclists, particularly the vulnerable road users.

Details of the proposed scheme and the area affected are shown on the enclosed drawings.

### **What are the proposed improvements?**

The proposal is to introduce a School Keep Clear marking outside of the school property boundary on Aboyne Road, NW10, operational 'At any time'.

School Keep Clear markings are shown as yellow zigzags outside of schools. This marking prohibits vehicles to park or even **stop** to set down passengers whilst the restrictions are in force.

The markings will prohibit vehicles from parking or stopping outside the school gates on Aboyne Road, reducing congestion and improving visibility and road safety for all road users.

### **What will happen next?**

At this stage of the process, we are seeking for your initial views. I would therefore be most grateful if you would consider the proposals and then complete and return the attached questionnaire to Brent Council using the freepost facility by **12 January 2024**.

The results of this consultation will then be used to decide on whether to implement the proposals in the area and you will be notified of the outcome in due course.

Please see the back of this document for further details on how to respond to this consultation.
