Dear Owner/Occupier

Re: Air Quality in A406 Harrow Road

Brent Council is working to improve air quality in the borough as the air we breathe affects our health.

Our vision is for clean air for everybody living in, working in, or visiting Brent and our core aims are to:

- Reduce Pollution Levels
- Raise Awareness
- Influence Change

In partnership with transport consultancy students from University College of London we are conducting a study of the A406 Harrow Road Air Quality Focus Area (see map below) to identify improvements to public spaces to reduce air pollution in A406 Harrow Road.

We want to hear your views on air pollution and ideas about how to improve air quality. Working together with the local community and obtaining your knowledge of the area will help deliver the most effective solutions.

To find out more information and share your views, please visit our website https://haveyoursay.brent.gov.uk to answer a few questions. You can use the QR code below to access the website from your phone.

Please ensure we have received your response by **28 February 2026**.

If you would prefer to fill out a paper form or like information in another format (like larger print or another language) call us on 020 8937 5230 or email airquality@brent.gov.uk
Thank you for sharing your thoughts with us.

Healthy Streets and Parking

Brent Building a better borough.
