Public Consultation

Church Path Green Corridor (as part of the Church End and Roundwood Green Neighbourhood)

This document outlines our proposals for walking, cycling and greening improvements **along Church Path** in Church End and Roundwood. Please read the information in this document, then complete, and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at <https://haveyoursay.brent.gov.uk>. The closing date for the return of the questionnaire is **3rd August 2025**.

On the 15th and 30th July, public exhibitions will be held at Roundwood Lodge Cafe from 4:30pm-7pm to enable residents to ask any questions to council officers. These are drop in events. Project Walkabouts will also be held from 3pm-4:30pm on the same days. To join the Project Walkabout email info@mpsmartertravel.co.uk.

Why are we proposing this change?

The scheme forms part of the Council's place-based approach to taking climate action, with Church End and Roundwood identified as an area with potential for enhancing and linking green and active travel infrastructure known as 'Green Corridors'.

Engagement activities were held in 2021, followed by a more specific area-wide green corridors feasibility study in 2022/2023. This was complemented by detailed discussion with pupils, teachers, and guardians at St Joseph's Primary School to explore opportunities to walk, wheel and cycle to school, including improvements along Church Path as a key route.

In 2024, £3m of funding was secured from the Council's Strategic Community Infrastructure Levy to deliver a range of traffic management, active travel and green infrastructure improvements in Church End and Roundwood. These improvements will be implemented in phases, each introducing sustainable infrastructure, boosting biodiversity, and creating safer, more inclusive streets. The first phase will be delivered by Spring 2026 and focuses on greener routes to school and local green spaces, with improvements to Church Path and Longstone Avenue.

What are the proposed improvements?

In response to this, the initial designs for Church Path are:

- Improved gateway entrance at the northern section of Church Path, near Church Road.
- Rain gardens and planting.
- Shared spaces for cyclists and pedestrians.
- Public realm improvements at focus areas – Brownlow Road, Leopold Road, Redfern Road and Fortunegate Road. This includes zebra crossings, rain gardens, seating, wayfinding and play features.
- New pedestrian and cycle access from Church Path into Beveridge Road.
- Façade improvements such as murals, improved fencing, and vertical planting.

What will happen next?

At this stage of the process, we are seeking your views. We would therefore be most grateful if you would consider the proposals and then complete and return the attached questionnaire to Brent Council using the freepost facility by 3rd August 2025. The results of this consultation will then be used to inform the proposals, and you will be notified of the outcome in due course.

We are consulting residents/businesses in the area within the marked red line

Your views are important to us

Only the questionnaire issued by the Council should be used to respond to this consultation and no photocopies will be considered. Alternatively, this document is also available for completion online at https://haveyoursay.brent.gov.uk	Please complete the enclosed questionnaire and return it in the Freepost envelope provided or send to: London Borough of Brent Healthy Streets and Parking Civic Centre Engineers Way Wembley, Middlesex HA9 0FJ	All properties within the area shown on the above plan are receiving paper copies of the Church Path Green Corridor consultation materials. Local residents and groups, Statutory Authorities, the Emergency Services and Ward Councillors are also being consulted.

Questions

Church Path (Church Road to Brownlow Road)

Q1. Look at the proposed design for the entrance to Church Path from Church Road shown below. This would remove the phone box, and add new greening, shared space for pedestrians and cyclists, and dockless bike parking.

Entrance to Church Path from Church Road

Q1a. What do you think about the above design? (Please tick one option)

Great, I love it	☐
Yes, I like it	☐
Ok, I can live with it	☐
I don't really like it	☐
No, I feel strongly against it	☐

Q1b. Please tell us what you like and what can be improved or added

What you like	What can be improved or added

Q2. Look at the proposed design for the junction of Church Path and Brownlow Road shown below. This includes planting, seating cubes, community art and lockable bollards. Parking space on Brownlow Road will be shortened.

Brownlow Road junction with Church Path

Q2a. What do you think about the above design? (Please tick one option)

Great, I love it	
Yes, I like it	
Ok, I can live with it	
I don't really like it	
No, I feel strongly against it	

Q2b. Please tell us what you like and what can be improved or added

What you like	What can be improved or added

Church Path (Brownlow Road to Leopold Road)

Q3. Look at the proposed design for a new access from Church Path to George Lansbury House. Fence panels will be removed to create new access from Beveridge Road. Community wall art will be added, alongside planting and information signs. There will be no access for vehicles.

New access from Church Path to George Lansbury House

Q3a. What do you think about the above design? (Please tick one option)

Great, I love it	
Yes, I like it	
Ok, I can live with it	
I don't really like it	
No, I feel strongly against it	

Q3b. Please tell us what you like and what can be improved or added

What you like	What can be improved or added

Q4. Look at the proposed design for Leopold Road shown below. This includes introducing a new Parallel Zebra crossing (for use by pedestrians and cyclists) and rain gardens. Reducing and replacing bollards. Improvement to the access to Charles Hobson House. This includes reducing and replacing bollards, raising car park access to pavement level, removing guardrails and widening the pavement.

Leopold Road

Q4a. What do you think about the above design? (Please tick one option)

Great, I love it	☐
Yes, I like it	☐
Ok, I can live with it	☐
I don't really like it	☐
No, I feel strongly against it	☐

Q4b. Please tell us what you like and what can be improved or added

What you like	What can be improved or added

Church Path (Leopold Road to Fawcett Road)

Q5. Look at the proposed design to the end of Redfern Road. This includes rain gardens, wall planting, play features, such as stepping logs and hopscotch, community wall art, bike hanger, lockable bollards, and shared space for pedestrians and cyclists. Parking space on Redfern Road will be shortened.

Redfern Road

Q5a. What do you think about the above design? (Please tick one option)

Great, I love it	
Yes, I like it	
Ok, I can live with it	
I don't really like it	
No, I feel strongly against it	

Q5b. Please tell us what you like and what can be improved or added

What you like	What can be improved or added

Q6. Look at the proposed design for Fortunegate Road shown below. This would include introducing a new Parallel Zebra crossing (for use by pedestrians and cyclists), rain gardens, play features, reducing and replacing bollards, and introducing dockless cycle bay.

Fortunegate Road

Q6a. What do you think about the above design? (Please tick one option)

Great, I love it	
Yes, I like it	
Ok, I can live with it	
I don't really like it	
No, I feel strongly against it	

Q6b. Please tell us what you like and what can be improved or added

What you like	What can be improved or added

Overall Church Path Scheme

Q7a. Overall, do you support the proposals for the Church Parth Green Corridor? (please tick one option)

Strongly support	
Support	
No opinion	
Do not support	
Strongly do not support	

Q7b. Please provide any additional overall comments

Public Consultation

Longstone Avenue Green Corridor (as part of the Church End and Roundwood Green Neighbourhood)

This document outlines our proposals for walking, cycling and greening improvements on part of **Longstone Avenue** in Church End and Roundwood. Please read the information in this document, then complete, and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at <https://haveyoursay.brent.gov.uk>. The closing date for the return of the questionnaire is **3rd August 2025**.

On the 15th and 30th July, public exhibitions will be held at Roundwood Lodge Cafe from 4:30pm-7pm to enable residents to ask any questions to council officers. These are drop in events. Project Walkabouts will also be held from 3pm-4:30pm on the same days. To join the Project Walkabout email info@mpsmartertravel.co.uk

Why are we proposing this change?

The scheme forms part of the Council's place-based approach to taking climate action, with Church End and Roundwood identified as an area with potential for enhancing and linking green and active travel infrastructure known as 'Green Corridors'.

Engagement activities were held in 2021, followed by a more specific area-wide green corridors feasibility study in 2022/2023.

In 2024, £3m of funding was secured from the Council's Strategic Community Infrastructure Levy to deliver a range of traffic management, active travel and green infrastructure improvements in Church End and Roundwood. These improvements will be implemented in phases, each introducing sustainable infrastructure, boosting biodiversity, and creating safer, more inclusive streets. The first phase will be delivered by Spring 2026 and focuses on greener routes to school and local green spaces, with improvements to Longstone Avenue and Church Path.

What are the proposed improvements?

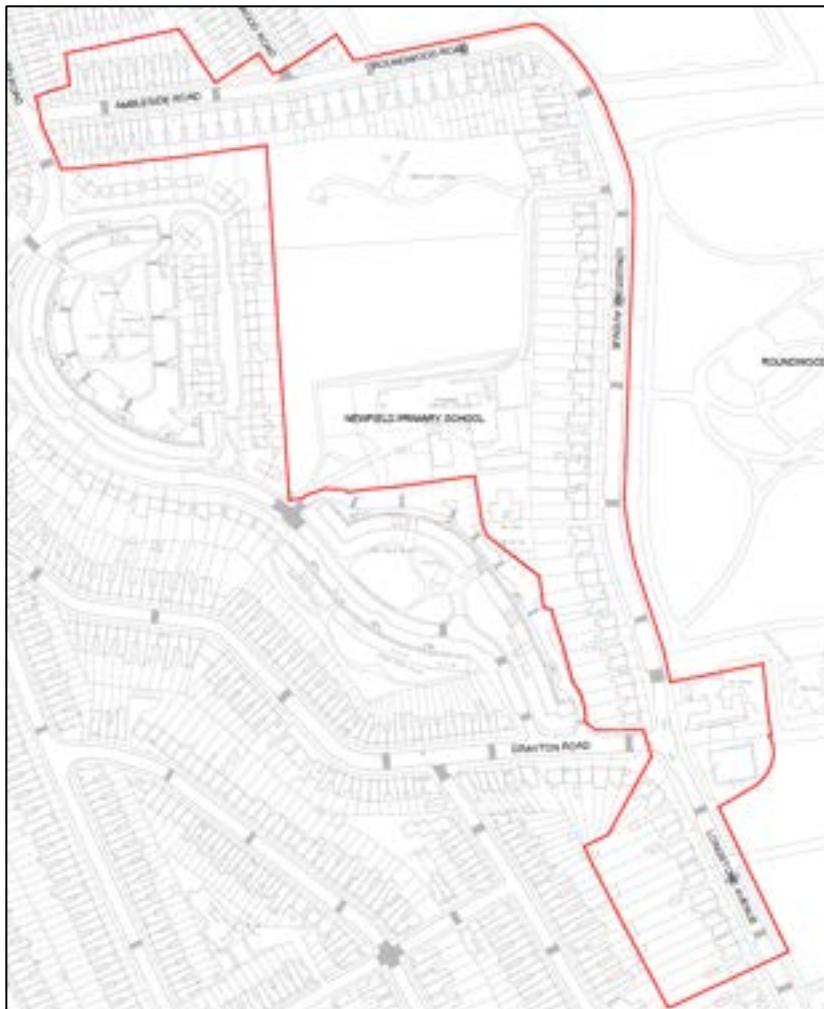

In response to this, the initial designs for Longstone Avenue are:

- A zebra crossing near the entrance to Longstone Avenue Open Space.
- Street greening, including rain gardens and improved planting.
- Public realm improvements and shared access into Longstone Avenue Open Space
- New pedestrian and cycle access into Willesden New Cemetery from Longstone Avenue.
- Widened and shared footway between the new access point to Willesden New Cemetery and entrance to Roundwood Park
- Improved signage and wayfinding
- Public realm improvements at entrance to Roundwood Park Annex

What will happen next?

At this stage of the process, we are seeking your views. We would therefore be most grateful if you would consider the proposals and then complete and return the attached questionnaire to Brent Council using the freepost facility by 3rd August 2025. The results of this consultation will then be used to inform the proposals, and you will be notified of the outcome in due course.

We are consulting residents/businesses in the area within the marked red line

Your views are important to us

Only the questionnaire issued by the Council should be used to respond to this consultation and no photocopies will be considered. Questions

Longstone Avenue (between Roundwood Road and Newfield Primary School Access Road)

Q1. Look at the proposed design for Longstone Avenue shown below. This would remove some on-street parking, remove and replace guardrails with bollards, and introduce rain gardens and planting, a raised parallel zebra crossing, a raised surface into Longstone Avenue Open Space, a new entrance to Willesden New Cemetery, a widened shared footpath between the new entrance at Willesden New Cemetery and the entrance to Roundwood Park, and improved signage and wayfinding.

Design 1 - Longstone Avenue near Longstone Avenue Open Space

Q1a. What do you think about Design 1? (Please tick one option)

Great, I love it	
Yes, I like it	
Ok, I can live with it	
I don't really like it	
No, I feel strongly against it	

Q1b. Please tell us what you like and what can be improved or added to Design 1

What you like	What can be improved or added

Q1b continued...Please tell us what you like and what can be improved or added to Design 1

What you like	What can be improved or added

Longstone Avenue (Roundwood Park Annex)

Q2. Look at the proposed design for the entrance to Roundwood Park Annex off Longstone Avenue. This would repave the existing park entrance, provide pedestrian access, and enhance existing planting.

Design 2 - Entrance to Roundwood Park Annex off Longstone Avenue

Q2a. What do you think about the above design? (Please tick one option)

Great, I love it	
Yes, I like it	
Ok, I can live with it	
I don't really like it	
No, I feel strongly against it	

Q2b. Please tell us what you like and what can be improved or added to Design 2.

What you like	What can be improved or added

Overall Longstone Avenue Scheme

**Q3a. Overall, do you support the proposals for the Longstone Avenue Green Corridor?
(please tick one option)**

Strongly support	
Support	
No opinion	
Do not support	
Strongly do not support	

Q3b. Please provide any additional overall comments
