

Public Consultation

Proposed Rockhall Road Bike Hangar

This document outlines our proposals for the introduction of a Bike Hangar on Rockhall Road, NW2. Please read the information in this document, then complete, and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at <https://haveyoursay.brent.gov.uk>. Responses from within the consultation area only will be considered. The closing date for the return of the questionnaire is XXXXXXXX.

Why are we proposing this change?

Brent Council aims to improve facilities for cyclists in the borough and promote active and sustainable travel. In line with the vision set out in our Cycle Strategy 2016-2021, the Council is encouraging more residents to take up cycling, to enjoy the health benefits that this brings and to help reduce traffic congestion and improve air quality in the borough.

The Council has received requests from residents in the Mapesbury ward to provide secure cycle parking in streets where they do not have access to private outdoor space. Bikes can block hallways and staircases in some properties, and those left on street can be a target for cycle theft.

Through its cycle parking programme, the Council propose to install bike hangars in areas where there is a high demand from local residents for this facility.

What is being proposed?

We are proposing to introduce a Bike Hangar on Rockhall Road as shown on the enclosed plan. The proposed Bike Hangar would be located near the junction of Rockhall Road and Oaklands Road. The Bike Hangar will take 3m in space.

The hangar, which has the capacity to store six bicycles, will be rented to users for an annual fee.

What will happen next?

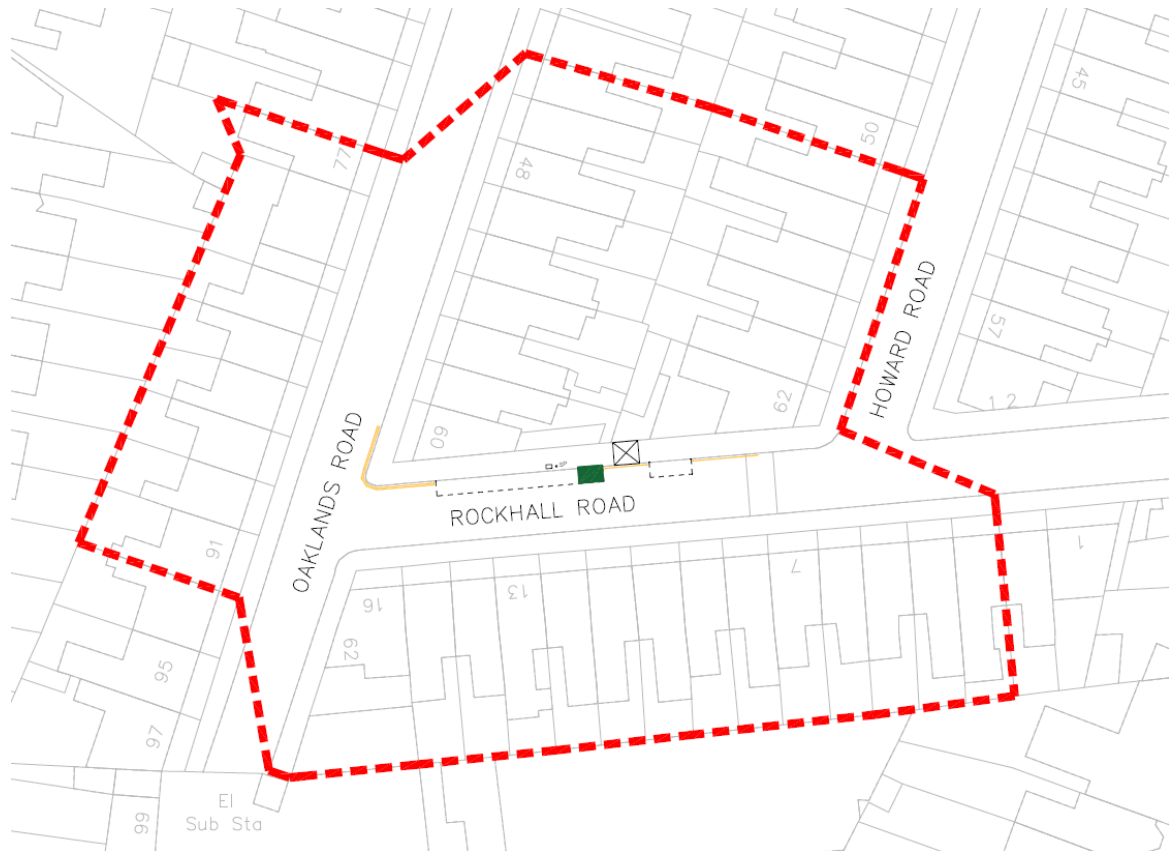

At this stage of the process, we are seeking your initial views. To give us your feedback, please complete and return the attached questionnaire using the freepost facility (or online using the link at the top of this page) by **XXXXXXXXXXXX 2022**.

The results of this consultation will be used to decide on whether to implement the proposals.

Sandor Fazekas, Project Development Manager, Highways and Infrastructure

Please see the back of this document for further details on how to respond to this consultation.

We are consulting residents/businesses in the area within the marked red line

Your views are important to us
