

Public Consultation

Proposed Review of Controlled Parking Zone (CPZ) - W, Wembley.

This document outlines our proposals for a change to parking layout and waiting restrictions in **Zone W CPZ**. Please read the information in this document, then complete, and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at <https://haveyoursay.brent.gov.uk> responses from within the consultation area only will be considered. The closing date for the return of the questionnaire is **1 August 2025**.

Why are we proposing this change?

You will be aware that the controlled parking zone (W) which is in operation in your area was introduced in 1997 following successful consultations with the local community. The scheme was implemented to remove commuter and long-term non-residential parking from the area; improve road safety by removing obstructive parking from junctions; to reduce the level traffic in the area by regulating parking on-street, and to attract more customers to the businesses by allowing greater turnover of the parking spaces.

However, residents have raised concerns about parking availability and protection. In response to these ongoing requests, the Council is launching a consultation to review the CPZ primarily focusing on adjustments to parking arrangements and waiting restrictions. The area under review and the proposed changes is enclosed in the consultation pack.

What are the proposed improvements?

There will be no changes to the current operational hours of the Controlled Parking Zone (CPZ) or to the cost of permits. The review has been prompted by concerns about an insufficient number of permit holder bays, as well as the excessive length of yellow line restrictions. As a result, the proposed changes outlined in the enclosed map focus specifically on adjustments to parking bay layouts and the extent of yellow line waiting restrictions.

You may wish to comment on these or any other issues which are of concern to you.

For more information on parking and permit charges in Brent, please visit the Council's website: <https://www.brent.gov.uk/services-for-residents/parking/>

What happens next?

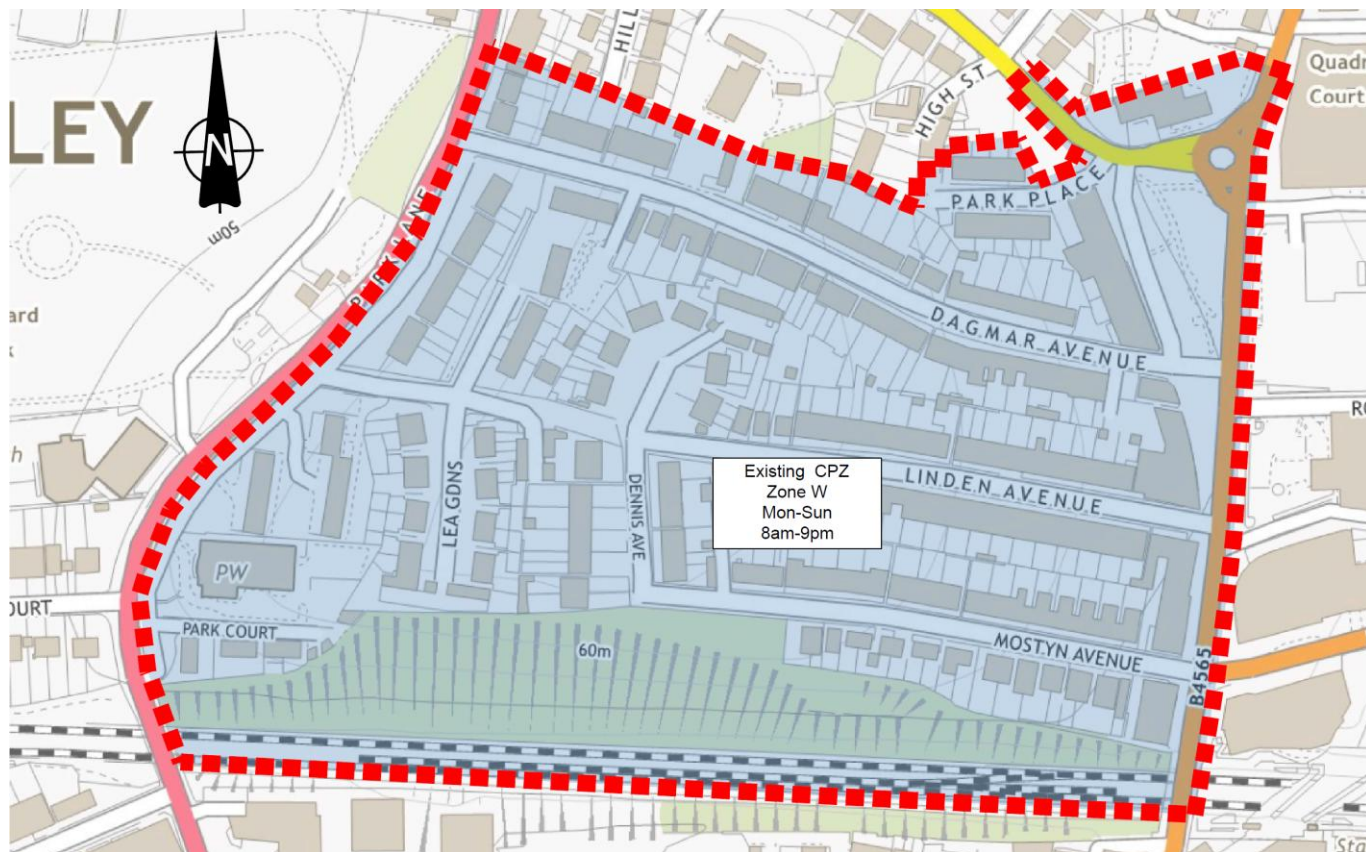

It is important that you respond using the questionnaire, as it is on this basis of this feedback that a decision will be made on whether changes are required to the existing CPZ. Please complete the questionnaire and enclosed equalities monitoring form and return it in the FREEPOST envelope provided by **1 August 2025**.

The feedback received will help determine whether the proposed changes for Ecclestone Place should be implemented. You will be informed of the outcome in due course.

Please see the back of this document for further details on how to respond to this consultation.
