Dear Owner/Occupier

**Re: Air Quality in Cricklewood**

Brent Council is working to improve air quality in the borough as the air we breathe affects our health.

Our vision is for clean air for everybody living in, working in, or visiting Brent and our core aims are to:

- Reduce Pollution Levels
- Raise Awareness
- Influence Change

In partnership with transport consultancy students from University College of London and Sustrans (walking and cycling charity) we are conducting a study of the Cricklewood Air Quality Focus Area (see map below) to identify improvements to public spaces to reduce air pollution in Cricklewood.

We want to hear your views on air pollution and ideas about how to improve air quality. Working together with the local community and obtaining your knowledge of the area will help deliver the most effective solutions.

To find out more information and share your views, please visit our website <https://haveyoursay.brent.gov.uk> to answer a few questions. You can use the QR code below to access the website from your phone.

Please ensure we have received your response by **28 February 2025**.

If you would prefer to fill out a paper form or like information in another format (like larger print or another language) call us on 020 8937 5230 or email [highwaysconsult@brent.gov.uk](mailto:highwaysconsult@brent.gov.uk)

Thank you for sharing your thoughts with us.

Healthy Streets and Parking

**Brent** Building a better borough.
