

## Public Consultation Proposed Review of Parking and Waiting Restrictions in Salusbury Road NW6

This document outlines our proposals to review parking and waiting restrictions in Salusbury Road NW6. Please read the information in this document, then complete, and return the enclosed questionnaire - **postage is free**. Alternatively, this document is also available for completion online at <https://haveyoursay.brent.gov.uk> responses from within the consultation area only will be considered. The closing date for the return of the questionnaire is **Friday 19 December 2025**.

### Why are we proposing this review?

This review aims to address concerns regarding traffic congestion in Salusbury Road and improve overall traffic flow in the area. The initiative follows recommendations outlined in the scheme report for the Summerfield Avenue area restricted turn ban scheme report published in April 2025, which recommended that reviewing parking arrangements on Salusbury Road could help relieve congestion and enhance road safety. The report can be found <https://www.brent.gov.uk/parking-roads-and-travel/travel-and-transport/brent-healthy-neighbourhoods/queens-park-healthy-neighbourhood>

Officers and your local ward councillors view the review is important for the following reasons;

- Current parking patterns may contribute to traffic delays and bottlenecks, particularly during peak hours.
- Adjustments to parking and waiting restrictions could improve accessibility for all road users, including emergency services and public transport.
- The review seeks to balance the needs of residents, businesses, and visitors while reducing congestion and environmental impacts.

### What are the proposed improvements?

Following the analysis of parking and traffic congestion complaints received from the area, officers propose various amendments to the existing parking bays and waiting restrictions in Salusbury Road and on Harvist Road arm at the signal junction. The proposals are outlined on the enclosed drawing.

General information about parking and permit charges in Brent can be found on the Council's Website; <https://www.brent.gov.uk/parking-roads-and-travel/parking>

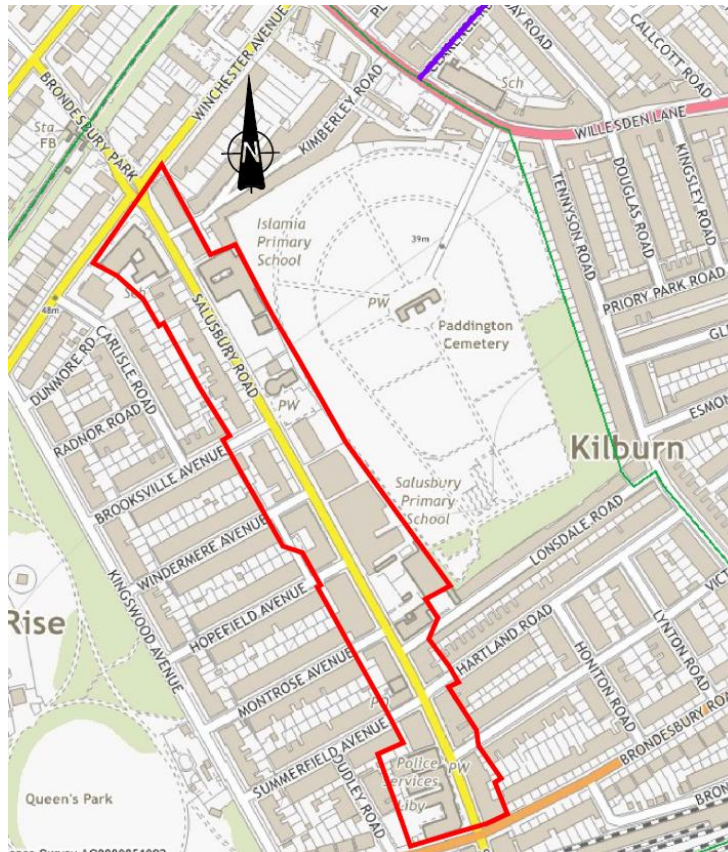

### What will happen next?

At this stage of the process, we are seeking for your initial views. I would therefore be most grateful if you would consider the proposals and then complete and return the attached questionnaire to Brent Council using the freepost facility by **Friday 19 December 2025**. The results of this consultation will then be used to decide on whether to implement the proposals in the area and you will be notified of the outcome in due course.

Please see the back of this document for further details on how to respond to this consultation.
