Dear Owner/Occupier

Re: Secure Cycle Parking Proposal

Brent Council is working to improve cycling facilities to encourage residents to adopt active and sustainable travel. By promoting cycling, the Council aims to enhance public health, reduce traffic congestion, and improve air quality throughout the borough.

A key aspect of this initiative is to support cycling for brent residents. Cycling helps reduce traffic and air pollution, improves public health, and offers a low-cost sustainable way to travel. A lack of secure storage is a key barrier for many residents, and bike nests help address this by providing safe, convenient on street parking.

Through the installation of dedicated secure cycle parking units, the Council aims to embed environmental sustainability into daily life, making cycling easier and safer for residents.

What is being proposed?

We are proposing to introduce a secure cycle parking unit on Kenneth Crescent as shown in the enclosed plan. The proposed secure cycle parking unit will be located opposite 7 Kenneth Crescent.

The bike nest occupies around half a car parking space and provides a secure storage for up to 6 bicycles; each space will be rented to users for an annual fee.

What will happen next?

At this stage of the process, we are seeking your initial views on the proposal.
Please let us know whether you:

- Support the proposal;
- Do not support the proposal; or
- Have any comments or concerns you would like us to consider.

Comments must be submitted by the deadline stated in this letter.
The results of the consultation will be carefully reviewed and used to help determine whether the proposed Secure Cycle Parking Units should be implemented.

We are consulting residents/businesses in the area within the marked red line
